Sistema de Camarão

MR
BRASIL

A MR BRASIL, empresa que atua no mercado desde 2009, desenvolveu componentes próprios para serem utilizados na fabricação dos vários SISTEMA DE BRISE do mercado.

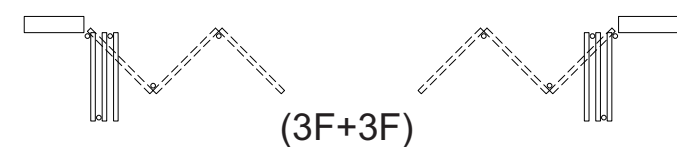

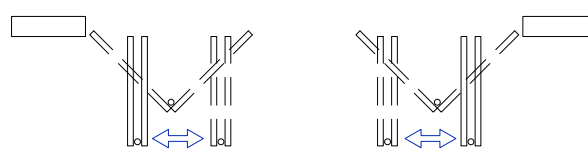

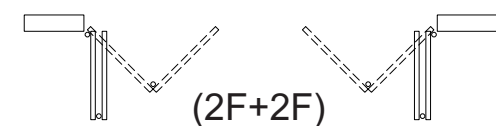

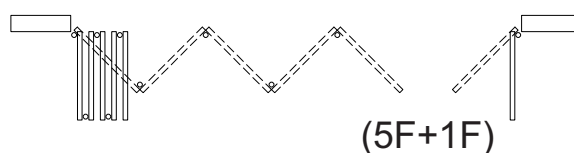

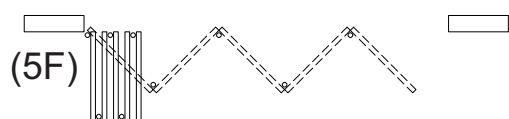

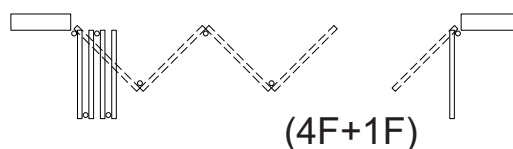

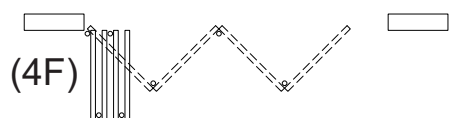

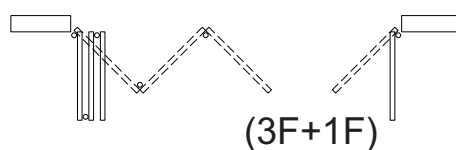

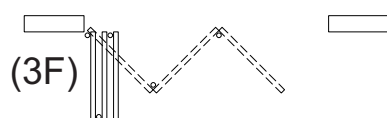

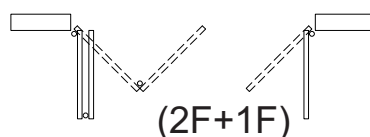

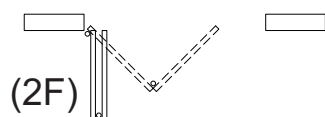

Damos destaque às nossas dobradiças em alumínio de encaixe rápido, que podem ser fornecidas para diversas soluções de BRISE. Nossas roldanas também atendem essas mesmas soluções.

Nas cremonas de fechamento, oferecemos ao mercado cremonas de design italiana e possuímos soluções com chave.

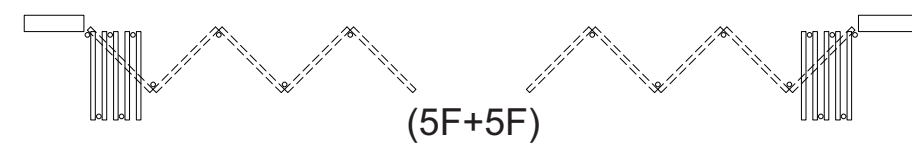

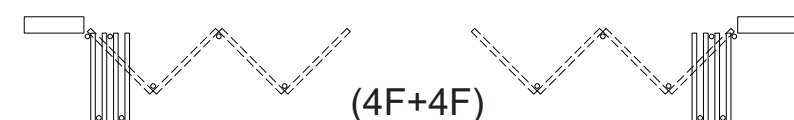

Todos os nossos componentes foram desenhados especificamente para serem utilizados em cada uma das linhas existentes no mercado e são de fácil montagem, além de que o nosso Departamento Técnico dá apoio aos clientes para fabricação e instalação dos SISTEMAS DE BRISE utilizando os nossos componentes.
